ANNEX 1 – INDICATIVE LIST OF STAKEHOLDERS, THEIR INTEREST/ROLE, LEVELS OF INTEREST AND ENGAGEMENT

Stakeholders		Nature of interest/Role	Level of interest	Level of influence	Level of engagement	
PAPs	Affected Individuals and groups	Population in the Project area directly affected by resettlement and/or land acquisition	1. Physical displacement and land acquisition (time, procedure and their rights) 2. Right to compensation for affected assets and losses 3. Additional measures and assistance in restoration of living standard (dwelling, food security, healthcare, education, natural resource use, culture and lifestyle) and livelihoods 4. Grievance mechanism	High	Medium	Consult
		Businesses and employees whose livelihoods are temporarily or permanently directly affected (including farmers)	1. Business displacement and land acquisition (time, procedure and their rights) 2. Right to compensation for affected assets and losses 3. Additional measures and assistance in restoration of business and employment 4. Grievance mechanism	High	Medium	Consult
		Affected local communities (and their representatives), people residing and/or working along railway routes, stations and halts, as well as local self-governments (municipalities)	1. Expropriation process 2. Loss of traffic infrastructure access 3. Halt closure 4. Limitation of utilities and public services 5. Traffic construction related impacts (noise, dust, damage, emissions, vibrations etc.) and duration of civil works 6. Traffic management plan 7. Labour influx and foreign workers 8. Impacts to cultural heritage 9. Duration of works 10. The Project's added value, benefits and support 11. Grievance mechanism	High	Medium	Consult
		Passengers (including daily commuters and tourists)	1. Change and disruption of traffic 2. Alternative transport and lines 3. Traffic safety during construction works 4. Duration of works 5. Grievance mechanism	High	Low	Inform

Stakeholders		Nature of interest/Role	Level of interest	Level of influence	Level of engagement	
	Railway sector	Railway legal entities including private and state transport operators 1. Disruption of business and operation activities 2. Traffic construction related impacts (noise, dust, damage, emissions, vibrations, foreign workers etc.) and duration of civil works 3. Traffic Management Plan 4. Railway technical characteristics, expected costs, traffic schedule and Stations infrastructure 5. Increasing safety and environmental benefits in terms of reduced GHG emissions	High	Medium	Consult	
OIPs	Government, Province and Local Agencies, Institutions and Companies	Ministry of Finance	Loan Agreement oversight	High	High	Partner
		Ministry of Construction, Transport and Infrastructure	Main counterpart of the EIB for Project implementation and permitting authority	High	High	Partner
		Various Government Inspections (such as Labour, Construction etc.)	Interested in enforcement of legal requirements in all aspects of Project implementation with emphasis during construction activities	Medium	Medium	Consult
		Engaged constructors and sub-contractors (once determined)	Project design, timelines, adverse impacts, mitigation measures, GM, action plans and responsibilities during construction phase	Medium	Medium	Partner
		Project workforce	Occupational H&S, labour rights, employment strategy	Low	Medium	Inform
		EIB	Lender interested in achievement of Project objectives and compliance to ESS	High	High	Partner
		NGOs and Academic Institutions	Interested in potential environmental and social risks and mitigation measures	Medium	Low	Inform
		Media	Enables wide and regular dissemination of information related to the Project, ensures its visibility and facilitates stakeholder engagement	Media	Low	Inform

Stakeholders		Nature of interest/Role	Level of interest	Level of influence	Level of engagement
	Vulnerable individuals, households and groups	Retired, elderly and people with disabilities and chronic disease, single parent headed households, people with low literacy and ICT knowledge, economically marginalized and disadvantaged groups, households and persons living below the poverty line, women and children without parental care	High	Low	Consult
		Migrants	Medium	Low	Consult

ANNEX 2 – FRAMEWORK STRATEGY OF CONSULTATION

PROJECT STAGE	Target stakeholders		Main topics of engagement	Engagement methods used	Timeframe and location	Responsible Unit
INITIAL ESIA PHASE - DURING SCOPING REPORT PREPARATION AND DISCLOSURE (ALREADY CONDUCTED)	PAPs:	Affected municipalities and representatives of local communities along the route	<ul style="list-style-type: none"> - Project importance, timelines and main characteristics - Preliminary Design and alternative solutions - Baseline environmental and socio-economic analysis - Expected environmental and social impacts - ESIA documents and potential mitigation measures 	<ul style="list-style-type: none"> - Scoping Report and NTR disclosure - Public consultations with PPT - Telephone calls and e-mail correspondence - SRI and affected municipalities' websites 	2022/23 - Affected municipalities	<ul style="list-style-type: none"> - Expert Team - SRI PIU
		Rail sector	<ul style="list-style-type: none"> - Project importance, timelines and main characteristics - Preliminary Design and alternative solutions - Rail traffic impacts and improvements 	<ul style="list-style-type: none"> - Scoping Report and NTR disclosure - Meetings - Telephone, e-mail and written communication - Documents exchange 	2022/23 - SRI Headquarters Belgrade	<ul style="list-style-type: none"> - Expert Team - SRI PIU
